DETAILED ACTION

Response to Amendment

1. The amendment filed 2/21/2006 has been entered and new claims 15 and 16 have been added.

Election/Restrictions

2. This application is in condition for allowance except for the presence of claims 1-3 and 7-13 directed to an invention non-elected without traverse. Accordingly, claims 1-3 and 7-13 have been cancelled.

Allowable Subject Matter

3. Claims 4-6 and 14-16 are allowed.
4. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose a method of manufacturing a semiconductor device comprising a step of forming a silicon oxynitride under the conditions that the ratio of NSi(3) (bonds of Si coupled to N) to the total number of nitrogen atoms in the silicon oxynitride film being 20% or smaller. The above limitations in combination with other claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to manufacture the device of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
